Aesthetically pleasing low maintenance solution

Garden gate in white

Double driveway gate in Rustic Oak

The Fensys gate range offers low maintenance whilst having a stylish visual appeal. Designed to last, the unique welded gate frame system is exceptionally strong yet light-weight.

FENSYS™
Decking without compromise
UPVC FENCING SYSTEM

Stylish and made to last

Attractive, practical and suitable for a host of applications, the Fensys range of ranch, picket and balustrade style fencing offers a fit and forget solution when compared to traditional wooden alternatives.

Ranch style fencing

Picket style fencing

Balustrade style fencing

Offering defining quality and an unrivalled specification, this advanced deck board is designed to give a premium appearance whilst being engineered to meet your needs for many years of untroubled enjoyment.

Premium EXCEL polymer deck board 180mm x 35mm

A 100% polymer board produced with an advanced engineering grade thermoplastic cap layer giving exceptional weatherability. This board combines multi colour processing technology and a dual wood grain pattern giving excellent slip resistance and an unparalleled natural appearance.

Premium ECO polymer deck board 180mm x 35mm

A 100% polymer board with double credentials, incorporating higher levels of recycled material and a more efficient high grade cap layer, this board provides excellent weatherability and slip resistance whilst having a greener recycled element.

Antique Oak

Cream

Natural Plastic Composite Deck board 180mm x 25mm

Manufactured using a 60% wood 40% polymer mix, this double sided deck board has a traditional lined face and a wood grain patterned side. The material offers greater resistance to rotting and is more slip resistant than wood whilst retaining a natural appearance that will age and fade gracefully but needs no preservative treatment, staining or coating.

Handrail Colour Options

Balustrade and profiles are manufactured using high grade PVCu that offers a class 1 fire rating. As with all our PVCu products, the problems associated with traditional wooden alternatives are removed, leaving the customer with a virtually maintenance free product that is both durable and aesthetically pleasing.

Handrail Style Options

Georgian Rail
92mm x 75mm

Madison Rail
88mm x 50mm

Contemporary Rail
100mm x 50mm

Handrail Reinforcement

Fensys handrails are available with a galvanised steel reinforcement option which allows for increased rail spans, improved strength and reduces the possibility of deformation.

Picket Options

The range incorporates a variety of handrail and picket style options to suit every customers design ideas.

Warranty

Fensys security from our 100% polymer products 10 year limited warranty.

Product Maintenance

The Fensys system requires very little maintenance with no painting, staining or sealing necessary. Just a little soapy water will suffice for the occasional clean.

Fire Safety

Fensys polymer materials have been tested by Fire Technology Services (a UKAS accredited company) in accordance with BS 476: Part 7: 1987. Our material, specifically rigid PVC exceeded and was certified to the requirements of BS 476: Part 7: 1987 (as amended) Class 1.

Environmentally Friendly

Utilising co-extrusion technology and our own in-house recycling centre the majority of Fensys products are manufactured with a high grade polymer outer layer and a partially recycled core.

Experience

Fensys products are manufactured by PAL Group (Operations) Limited, a company with over 30 years experience in thermoplastics under the manufacturing standard ISO 9001.

British Standard

Fensys handrail products have been tested by official testers Lloyds British Testing Ltd in accordance with the specifications set out in BS6180: 2011.

Slip Resistant

Deck board slip resistance testing carried out by accredited testers Grip Potential Ltd in accordance with BS7976-2.

Structural Integrity

Sub-frame structural calculation provided by Hancock Wheeldon & Ascough approved structural engineers to standards set out in BS6399 Part 1 and tested by Lloyds British Testing Ltd.

Installation

Fensys Leisure can cover the whole of the UK through its extensive network of approved installation partners. Our network aims to provide a professional blue chip approach with a localised installation service.
